Search and detect all items in Rain Risk 2Category: CommonIncreases attack rate at 15% (15% per stack). From the risk of rain 2 Vicky Syringe Soldier is the return of the item in the risk of rain 2. The soldier's syringe reduces the intervals between individual primary attacks and increases the animation speed of all skills by 1.15 times. It should be noted that this only increases the speed of animation and does not affect the cooling of these skills. Most basic skills survivors have no cooling, the exception is Artificer, meaning that all other survivors receive a nearly direct 15% attack positive effect of the speed on the syringe on their core skill. This does not mean that syringes are useless on Artificer, however; A higher attack rate will reduce charging time for charged nanobombs. Combined with multiple backup logs, Add pays extra for your secondary skill. Add a charge of 1 euro (1 euro per stack) of your secondary skill, this can significantly increase its damage potential. Laura 'edit source' I'm not much for drugs ... but hell, when luck knocks, I must greet this door with a smile and a nod. Health! - Echo Signal, UES Contact Light Should Not Be Confused With the First Version of the Game, Soldier's Syringe. Increases the attack rate by 15%. adds another 15% increase in the soldier's syringe is a common utility item in the risk of rain 2. Passively increasing the speed of attack and time will be around all abilities by 15%, it remains largely unchanged from the first game. However, this version does not cover after 13 stacks. Being one of the few common elements that unreservedly increase THE DPS holders, the syringe is highly valuable for most classes and is generally considered one of the best common elements in the game. Artificer needs charges for Flame Bolt to shoot, but the syringe does not accelerate charging. This only increases the speed of the bolts to be shelled. Artificer can benefit from syringes though as they speed up the charging time of the Nano-Bomb. Visually, the syringe is shown as a cluster of glowing needles on the right hip or knee of players sticking out and swinging as they work. This may be a reference to Starship Troopers 2: Hero of the Federation. Notes: Edit I'm not much for drugs ... but hell, when luck knocks, I must greet this door with a smile and a nod. Health! -Signal Echo, UES Contact Light LinksEdit Does it make sense to have this item on Artificer? Does it reduce the time of regeneration of left-click charges or is it just completely useless to capture while playing it? Page 2 15 comments in: Damaging Elements, Elements, Lore Comments Share Increases Attack Speed. Increases the attack rate by 15% (15% per stack). Stat Value Stack TypeLinear: Additional elements increase the effect Fixed AmountGiperbolic: Additional elements increase the reverse effect by a fixed amount (i.e. (i.e., Additional elements multiply the effect by a fixed number)Specialty: Additional elements increase the effect with a unique formula specific to the item Stack Value Attack Speed 15% Linear No. 15% Soldier's Syringe is a returning point in Rain Risk 2. The soldier's syringe reduces the intervals between individual primary attacks and increases the animation speed of all skills by 1.15 times. It should be noted that this only increases the speed of animation and does not affect the cooling of these skills. Most basic skills survivors have no cooling, the exception is Artificer, meaning that all other survivors receive a nearly direct 15% attack positive effect of the speed on the syringe on their core skill.
